Query Details

S. No.	Section No. & Name	Clause No. & Page No.	Existing Provisions	Bidder's Queries	Justification / Suggestion
1	1-Corrigendum	Point No. 7 (Page 2 of 5)	Type of SAN memory disks (for existing HP make SAN i.e. 3PAR 8400) required for IPDS (ERP & IT Phase-2) and SAP ISU have been amended from SAS drive to SSD along with Auto Tiering Software license	Bidder understands that 30% of HPS3PAR SAN expansion shall be on SSD and 70% on SAS with Auto Tiering. (Meaning that if total expansion is 10TB then 3TB on SSD and 7TB on SAS drives). Request confirmation.	Confirmed
2	8-TCS_PreBid Queries_Reply	Point No. 103 (Page 22 of 39)	Integration and implementation of tools for Service desk shall be in SOW of the bidder	Bidder understands that No additional tool is required to be deployed for Service Desk. Also No integration is required with the existing Service Desk tool. Request confirmation as there is no response against this point in the last amendment. (Please refer to S.No. 26 on page 5 of 9 of IPDS Tender Amendment No. 2.	Additional tool is not required. However, integration with the existing service desk shall be in the scope of bidder

Query Details

S. No.	Section No. & Name	Clause No. & Page No.	Existing Provisions	Bidder's Queries	Justification / Suggestion
3	06. Section VI - Scope of Work	ii Part - II (Page 61 to 66) & SCC 26.3	<p>b) Annual Maintenance Contract (AMC) Services for minimum of 3 years after expiry of warranty (support) period, for all the hardware / software / materials supplied under the project (Part-I).</p>	<p>Bidder understands that AMC services for all hardware / Software / material shall immediately start after the installation of each. The AMC period as defined in RFP shall be of 3 years and this also included the Warranty for each component.</p> <p>1. Hence the Total Project period for Phase I deliverable is 6 Months (from LOA) + 3 Years = 3 Years & 6 Months.</p> <p>2. And the Total Project period for Phase II deliverable is 15 Months (from LOA) + 3 Years = 4 Years & 3 Months. Request confirmation.</p> <p>We request for providing all mile stone of the project clearly. Also bidder request for considering start date of the project should be contract date not LOA date.</p>	<p>Exisitng Provision of SCC 26.3 shall previal, which is reproduced as under i.e. "The period of validity of warranty for IT and Networking equipment shall be 36 (Thirty Six) months from the date of commissioning at HPSEBL's site / office, however minimum support of 5 years from OEM is required from the date of commissioning. Further, the period of Annual Technical Support (ATS) for software from OEM shall be (Thirty Six) months from the date of commissioning at HPSEBL's site / office."</p> <p>Further, AMC servcies for minimum 3 years shall start after expiry of warranty (support) period for all the hardware / software / materials supplied under the project (Part-I). For further clarification please refer to exisitng provision i.e. Clause No. 2 (RFP Structure) of Section VI. The start date of project shall be considered as per exisitng provision i.e. from the date of LoA. Further, as explained in Appendix-K, the total implementation period shall be 19 months i.e. 6 months from Date of LoA for Phase-1 activities and 13 months from Date of LoA for Phase-2 activities.</p>

Query Details

S. No.	Section No. & Name	Clause No. & Page No.	Existing Provisions	Bidder's Queries	Justification / Suggestion
4	10. Section X - Bid Highlights	7. Roll out Plan	The bidder should give a plan for complete roll out over a period of 21 months.	Bidder request clarity on the Roll out period as the Phase - II ends in 15 months from the date of LOA. Seek clarification on this. We request for providing all mile stone of the project clearly. Also we request for considering start date of the project to be considered as contract date not LOA date.	The total implementation period shall be 19 months i.e. 6 months from Date of LoA for Phase-1 activities and 13 months from Date of LoA for Phase-2 activities. Further, start date of project shall be considered from the date of LoA date. For further clarification, may refer Amendment No.3.
5	IPDS Tender Amendment No. 2	Additional Clarifications (Page 7 of 9)	At DRC only 01 enclosure is provisioned, since we have 9 slots available in the existing blade chasis.	Bidder understands that all 09 slots are available in single chasis and this chasis is the newest (procured in the recent last 02 years). Request confirmation.	Total 10 No. slots are available in 2 different chassis at DRC i.e. 2 No. slots are available in one chassi and balance 8 No. slots are available in another chassi. Further, these chassis were procured during 2011-12.
6	General Clarification			The scope of work for GIS will include the survey of entire system from 66 KV to consumer end in 40 towns for the quantum/points mentioned in Appendix-I under section-Appendices.
