Subject:- Minutes of the review meeting held on 22.08.2019 on NOCs asked by department/NOCs given by them at the request of other departments-procedure and justification.

Sir,

A meeting was held under the chairmanship of Chief Secretary to the Government of Himachal Pradesh on 22.08.2019 to review the NOCs sought by various departments/NOCs given by them at the request of other departments and procedure thereof.

The issue to NOC sought from HPSEBL by the TCP department for sanctioning the building plan also came for discussions and following has been decided:-

It was decided that the NOC being sought from HPSEBL by the TCP department may be dispensed with and the TCP department should modify the application form with following provisions:-

"Whether any LT/HT/EHT line is passing over /beside the premises where the building is proposed to be constructed":-

- 1) If response is NO, the NOC/ clearance shall not be required but in case the applicant has furnished wrong information and later on it is established that the line is passing over/ beside the premises, the approval granted on false information is liable to be withdrawn and applicant is held responsible for any consequences on this account and undertaking as furnished for "YES" response will also be applicable.
- 2) If response is "YES" then the applicant has to furnish the following undertaking:-

"The applicant undertakes to maintain the vertical and horizontal clearance as per CEA (Measures relating to Safety and Electric Supply) Regulations, 2010. The applicant further undertakes to shift the line by providing right of way. He will get these lines shifted after approval of Electricity Department. The electrical connection shall be released only after verifying the clearance/ shifting the line as may be applicable."

In view of above, the decision taken in the meeting may be followed in letter and spirit please.
